EXPERIENCE

SIM Conference App Responsible

Startup Portugal | 2026

- Owned conference **app operations** for 4,000+ attendees, 450+ startups, 270+ investors, 130+ speakers and 1,000+ app meetings.
- Built SIMsync, an **internal API/CSV Python tool** for importing event data and reducing repetitive sync work, using **Git** for version control while focusing on user experience, integration, and long-term maintainability.
- Resolved participant-data, sync and app-side inconsistencies during **live operations**.

Full-Stack Web Developer

Internship at Doppel, IPN Coimbra | 2024

- Creation of the company website using **React** + **Tailwind** and **TypeScript**, with 3D elements implemented with **ThreeJS**, and its deployment.

SIDE PROJECTS

Visual Identity Lead

BEST Coimbra | 2017

- Led the **visual identity** for the Coimbra edition of the European Board of European Students (BEST) Engineering Competition.

Image and Communication Coordinator

NEEEC - FCTUC | 2017

- Produced **communication assets** and coordinated the visual direction.

HDF5 Dashboard

- HDF5 **data visualization dashboard** using a **Python Flask backend** and a **JavaScript frontend** with Plotly for charting.

Crimes Exemplares

- **Interactive digital experience** website, inspired by *Max Aub's* book by the same name: *Crimes Exemplares*.

And more
